**Oklahoma**

**Total Funding:** $13,479,457  
**TAACCCT Grants:** 4

**Examples from Oklahoma**

**Industry Emphasis of Programs of Study**

- Manufacturing
- Healthcare
- Transportation
- Energy

**Statewide Outcomes to Date**

- **Programs Launched**: 29
- **Participants**: 4,480
- **Credentials Earned**: 3,467

**Key Colleges**

- Carl Albert State College
- Connors State College
- Eastern Oklahoma State College
- Murray State College
- Northeastern Oklahoma A&M
- Northern Oklahoma College
- Oklahoma City Community College
- Oklahoma State University - Institute of Technology
- Oklahoma State University - Oklahoma City
- Redlands Community College
- Rose State College
- Seminole State College
- Tulsa Community College
- Western Oklahoma State College

**Oklahoma Example:** The Advanced Manufacturing, Aerospace, and/or Transportation & Logistics Pathways Project contributed learning resources that give an overview of workplace safety in the manufacturing industry, including manufacturing as a career, communication, team work and training, PPE, material handling, tool and machine safety, electrical and fire safety, and hazardous materials safety.

**Office of Educational Innovation & Evaluation, Kansas State University, Final Evaluation Report: National Aviation**

“Industry partners assisted with training students in the [National Aviation Consortium (NAC) program at Tulsa Community College]. Spirit AeroSystems provided onsite classrooms and lab facilities for NAC students, and much of the classroom training took place at Francis Tuttle Technology Center and Tulsa Tech...The NAC training is a requirement to be hired at Spirit Aerosystems, and students had a high placement rate with this employer. Tinker Air Force Base...also placed many participants. To be eligible to apply for a position [there], individuals must either be currently enrolled in or have completed the NAC program.”

**WorkED Consulting, LLC, Interim Evaluation Report for Oklahoma City Community College’s CFEST Program**

“The CFEST [Commercial Food Equipment Service Technician] program and pathway is directly linked to employer skill needs and available occupations in the Oklahoma City area.”
